

European Resuscitation Council Advanced Life Support

2 day

ERC
regulated

Certificate
valid for 2 years

Course Overview

The ALS course is crucial for healthcare professionals as it provides advanced skills and knowledge necessary for effectively managing patients with sudden cardiac arrest.

This course enables participants to respond quickly and appropriately in critical situations, thereby increasing the chances of patient survival.

Target audience: All healthcare professionals who are expected to provide resuscitation in a team.

What's Covered?

- Recognise and treat a deteriorating patient using a structured ABCDE approach
- Deliver standardised CPR in adults
- Manage a cardiac arrest by working with a multidisciplinary team in an emergency situation
- Use non-technical skills to facilitate strong team leadership and effective team membership
