

European Resuscitation Council Pediatric Immediate Life Support

1 day

ERC
regulated

Certificate
valid for 1 year

Course Overview

PILS is designed to equip healthcare professionals with the necessary skills to manage and treat pediatric patients in emergency situations.

This course is ideal for those who need to develop their skills beyond basic life support but do not require advanced training

The course is intended for doctors, nurses, paramedics, midwives, physiotherapists, dentists, medical and nursing students, and other healthcare professionals who may be involved in pediatric emergencies.

What's Covered?

- Recognition of a critically ill child
- Assessing and treating problems with the airway, breathing and circulation (including bag-mask ventilation)
- Management of critically ill children during the first few minutes
- Basic life support
- AED use
- Treatment of choking
