Resuscitacioni Savet Srbije

European Resuscitation Council Immediate Life Support

1 day

ERC regulated

Certificate Valid 2 years

Course Overview

The ILS course is designed to train healthcare professionals in the essential skills and knowledge needed for the initial management of critically ill patients requiring resuscitation.

The course focuses on the ABCDE approach to deteriorating patients.

Successful candidates will develop their knowledge and skills in providing immediate life support to patients in cardiorespiratory arrest or experiencing life-threatening illness and injury.

Ideally suited for the training of healthcare providers at all stages and levels.

What's Covered?

- ☑ Basic Life Support
- ☑ High-quality chest compression & defibrillation
- ☑ Managing the airway & obtaining intraosseous access
- ☑ The ALS algorithm incl. non-technical skills (lecture)
- ☑ Treatment of shockable rhythms
- ☑ Treatment of non-shockable rhythms
- ☑ Decision-making during resuscitation
